Julian "Mr.J" Braet is well known in the automotive graphics and sign industry for over **50** years. Noted for his unique airbrush lettering and pinstriping throughout the U.S., he has been instrumental in defining the "Jersey Style" look in lettering, pinstriping & graphics.

Influenced in his younger days by the "Hot Rod" culture that he read about in car magazines, "Mr.J" says, "I had some great teachers. I would buy the latest car book(s) for a quarter, and had at my finger tips work done by the masters in California. Influenced by the late Ed "Big Daddy" Roth, Von Dutch, Stanley Mouse, Dean Jeffries, Larry Watson, "Tommy the Greek", and of course the East Coast's own Andy Southard, I would practice striping on anything that would stay still, (much to my parent's dismay) which included some furniture. After graduating from high school, I was lucky enough to meet an excellent sign artist named "Tony Anthony", he agreed to let me apprentice in his shop, it was a great education, and I am very grateful for the opportunity."

While "Mr.J" owns his own lettering & graphics shop in NJ, he still finds time to write articles for the top trade magazines, such as Sign Business, SignCraft, Signs of the Times, Airbrush Action, Auto Art. In addition to his writing, "Mr.J" teaches pinstriping /airbrushing seminars & workshops at International & National trade shows, Letterhead & Pinhead events. He is often hired by the top suppliers and manufacturers to represent their products, such as Roland Digital, Sign Gold, Ronan "One Stroke" Paints.

"Mr.J's" extensive experience in pinstriping & lettering has enabled him to design, develop and market unique tools for artists, custom painters and anyone else interested in becoming the best in their craft. His willingness to share all the so called "secrets" with any one is certainly rare today.

The Xcaliber Corp. is constantly creating & developing new products for you.... "THE HARDCORE ARTIST"

....& remember, we only *SELL* the products we *USE* in our shop!

PINSTRIPING BRUSHES

"Use the BRUSH-the PRO'S use!"

Xcaliber® Pinstriping Brushes

This is the first "USER FRIENDLY" striping brush.

The first thing that you notice is the length of the hair (only 1.5" out) and the lack of filler hairs.

Only the finest imported "BLUE SQUIRREL" hair is used

along with it's hard wood handle

Each brush is hand crafted to Mr.J's highest standards.

*The shorter hair length allows you to make tighter turns,
get closer to your designs, and have more control.*

ARTIST'S SIGNATURE BRUSH BY
MACK!**

THE NEW *Mr. J's* "DOUBLE STRIPER"

We had several requests for an "Xcaliber" version of the
Mack Double Striper
that was popular many years ago.

Working with Mack, we developed this
brush using the same Xcaliber hair & length
of our "OO". It has a 3/16" spacer
that produces 2 parallel lines.

These are "Signed / Limited Edition" Brushes!

THE BOOK CONTAINS:

HOW TO USE THE DESIGNS EFFECTIVELY

CREATE MULTIPLE DESIGNS, SUPPLIES, ETC.

A GREAT "TOOL" FOR ANY STRIPERS TOOL BOX.

\$12.

DESIGNS

YOU'LL NOTICE THAT THE "SKETCHBOOK" INCLUDES SEVERAL DIFFERENT STYLES OF STRIPING.

THE BEST WAY TO USE THESE DESIGNS IS TO PICK THE ONE(S) YOU LIKE & BUILD YOUR DESIGNS OFF OF THEM.

AS A STUDENT REMEMBER:

K.I.S.S. KEEP IT SIMPLE STUPID

YOU CAN PRACTICE "STRIPING" THE DESIGNS BY SIMPLY TRACING THEM OVER & OVER.

SOME OF THE DESIGNS (FIG 6) ARE GREAT FOR AROUND DOOR HANDLES, EMBLEMS, SAIL PANELS ON TRUCKS, ETC.

FIG 6

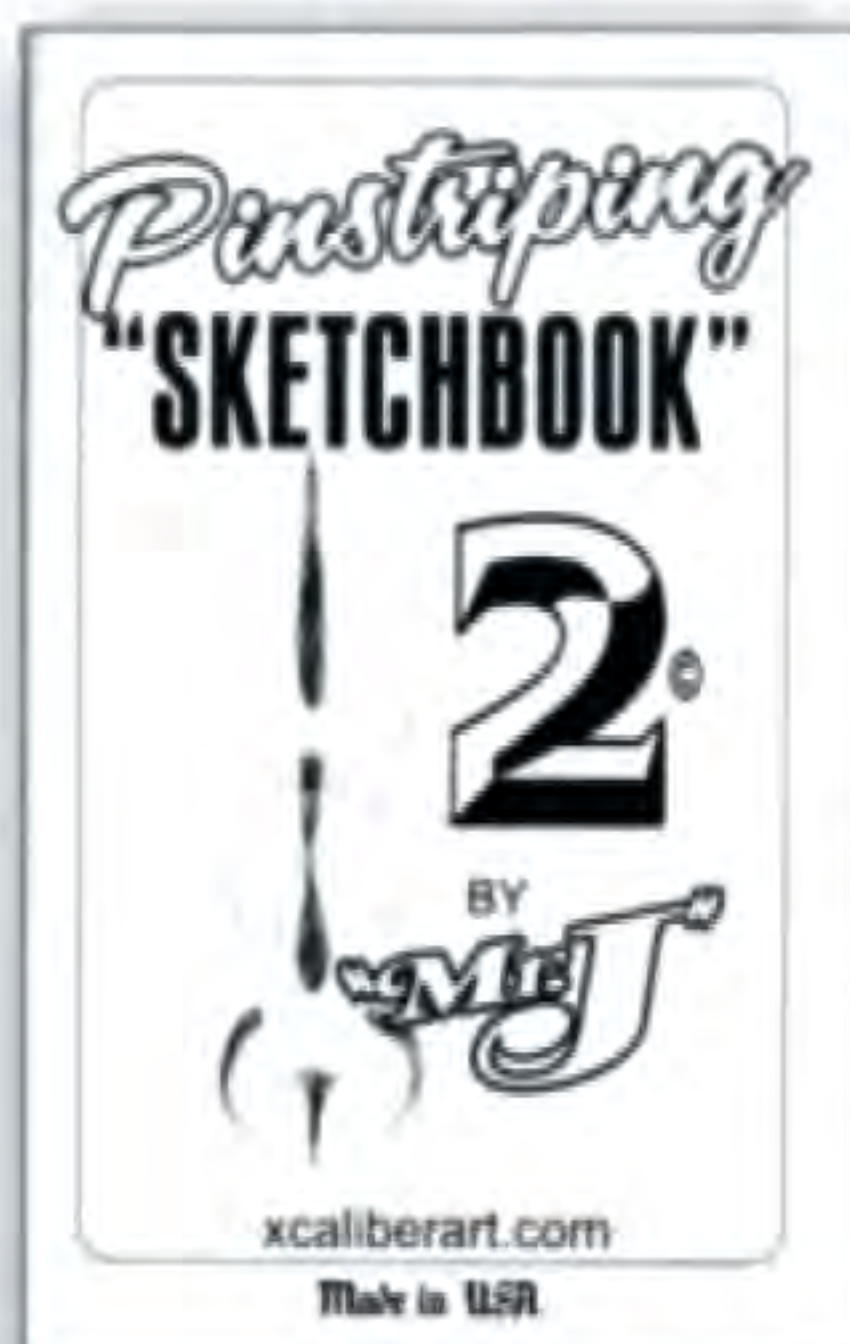

SOME OF THE DESIGNS ARE A COMBINATION OF ONE OR MORE DESIGNS. (FIG 7)
